

ADELE 'HELLO' SPOOF

Hello it's me
I was wondering if after these four years you'd like to hear
My new album
To hear me sing
They say my music's supposed to heal ya
'Cos I sing with feeling

Hello, can you hear me
I'm singing quietly for this bit but you know it's coming
The same chorus
To everything
I'm gonna blast away your ear drums
And you'll all fall at my feet

There's not much difference
In this bit
But here it comes...

I will make a million pounds
Just by blasting out these sounds
To help you say sorry
For everything that you've done
To the person you think of
When I am singing this song

I am worth a billion pounds
Give or take a small amount
But you know I'm worth it
For all the things that I've sung
'Cos I've helped you get over
Your cheating ex scum

I am only 25
And I don't need Spotify
'Cos I've earned more this week
Than you've ever done
But it couldn't happen
To a nicer person
Than me
